The CIBTAC / Sally Durant Partnership
Level 4 Qualifications in Advanced Skin Studies and Aesthetic Practice

PROSPECTUS
Driving forward education and training standards in the aesthetics sector.
Dear Colleague,

Thank you for picking up this prospectus which I hope will help to guide you in your professional progression within the vibrant aesthetics sector.

Whether you have a medical or beauty therapy background, or indeed are looking to enter the aesthetics industry for the first time, we can provide you with the most educationally robust and clinically rigorous training programmes available which have been specifically tailored to the needs of the medispa practitioner.

Our courses are founded on traditional professional values while embracing modern e-learning technology and you can start your course at any time to suit you. This blend enables us to bring you a truly flexible learning package but without compromising on the depth of learning we will provide to you or the personalised practical training you will receive.

Please get in touch with us for more information and for individual advice – my team are well known for their friendly, well-measured and no-obligation advice and will be happy to chat through your options with you.

In the meantime, I send you my very best wishes for your future success in aesthetic practice and hope to welcome you onto your chosen course very soon.

Kind Regards
Our commitment is to help you establish your reputation as an expert in your field

We will enable you to...

• Develop your career or business in the most vibrant sector of the beauty industry
• Gain the superior knowledge and skills required for skin health management and remedial treatment
• Learn from extensively qualified and experienced educators and clinicians
• Provide safe and effective advanced procedures using the highest standards of clinical protocol
• Experience the diversity of working within a multi-discipline team or medipsa
• Secure your future by qualifying for entry onto the JCCP register of aesthetic practitioners

(UK - From June 2017)
THE AESTHETICS INDUSTRY IS CHANGING

The publication of the Health Education England Report on January 8th 2016 by the UK government’s Department of Health, marks a fundamental shift in the requirement for beauty therapists and medical aesthetic practitioners to gain qualifications at Levels 4, 5, 6 and 7 if they wish to continue to offer advanced clinical skin rejuvenation treatments.

Subsequently, in the Spring of 2016, a new industry body entitled The Joint Council of Cosmetic Practitioners (JCCP) was commissioned by the UK government to represent all disciplines within the medispa sector including plastic surgeons, dermatologists, doctors nurses and beauty therapists. This is a major step forward in the recognition of aesthetic therapy as a paramedical occupation.

The JCCP has been tasked with the establishment of a register of all medical and non-medical aesthetic practitioners, including beauty therapists, who wish to provide advanced corrective skin treatments, laser and light therapies and non-surgical cosmetic procedures. To gain entry onto this register a Level 4 qualification will be required as a minimum and registration will be hugely defining of both individuals and businesses within the sector.
A COMPLETE PORTFOLIO OF AESTHETICS QUALIFICATIONS

The CIBTAC / SALLY DURANT Level 4 courses incorporate an unprecedented level of study in skin science, skin health management, cosmetic dermatology and remedial skin treatment. They are accredited by Ofqual and are aligned to the new government qualification standards within the HEE Framework and they will enable you to gain entry onto the JCCP register for Aesthetic Practitioners.

In line with Ofqual guidelines, our qualifications are categorised as Awards, Certificates or Diplomas

- **Awards** = 1 – 12 Education Credits (10 – 120 hours)
- **Certificates** = 13 – 36 Education Credits (130 – 360 hours)
- **Diplomas** = 37 + Education Credits (370 + hours)
FLEXIBILITY IS OUR MIDDLE NAME

Our courses have been designed and developed to be modular in nature with a flexible, blended learning approach for ease of access by busy working professionals looking for progressive postgraduate training. Our audio-visual E-Learning programmes ensure that you can tailor your studies around your work, family and social commitments while still enjoying personal tutor support and individual practical training. Equally you can build your qualifications gradually in line with your needs and budget.

The qualifications are based on different combinations of 8 principle units of study to allow the learner to build their qualifications gradually from various levels of entry (as required by the HEE Report) or to opt to take multi-unit diplomas.

• Unit 1 - Core Knowledge for Aesthetic Practice (CK)
• Unit 2 - Advanced Skin Science (ASS)
• Unit 3 - Investigative Consultation and Advanced Skin Assessment (ICS)
• Unit 4 - Chemical Skin Peeling (CP)
• Unit 5 - Micro-Needling (MN)
• Unit 6 - Non-Surgical Blemish Removal (Short Wave Diathermy) (NSBR)
• Unit 7 - The Principles and Practices of the Medispa Sector (PPMS)
• Unit 8 - The Level 2 Award in Facial Skin Care / CPD Certificate in Essential Facial Skills

“Studying with Sally Durant has given me the quality of knowledge I had been looking for, for a long time. It has given me the confidence and status I needed to propel me to the next level. I can now confidently call myself an ‘Aesthetic Practitioner’ setting me and my skin studio apart from the many beauty salons around me.”

Misia Smith, Aesthetic Practitioner
Soothe Therapies, Nottingham.
WHICH COURSE IS FOR YOU?

To help you decide which qualification meets your requirements the next few pages review the essential curriculum content for each course in the following order:

- The Level 4 Awards
- The Level 4 Certificates
- The Level 4 Diplomas
The Level 4 Award In Core Knowledge For Aesthetic Practice

This course will provide you with the essential generic knowledge required for aesthetic practice and will give you an insight into the day to day running of a medispa clinic.

**Course entry requirements – one of the following:**
- Minimum of 5 GCSEs or equivalent plus a minimum of 1 A-level (Grade Cs or above)
- Evidence of suitability for learning at Level 4

**PLUS**
- Fluency in English Language

This is a distance-learning qualification in which knowledge is delivered through audio-visual presentations via a bespoke on line learning system. True to its name, the Core Of Knowledge underpins all other units of the Level 4 qualification and represents a mandatory study for every aesthetic practitioner as specified by the Health Education England Report published on January 8th 2016. Due to its importance, in addition to being available as a Level 4 Award in its own right, it is also embedded into each of our Certificate and Diploma courses.

**Course Format**
- **Unit 1 Core Knowledge for Aesthetic Practice**
  - E-Learning - 8 modules
  - 1 Course Folder
  - MCQ Tests
  - 5,000 Word Assignment
  - Final Theory Exam

**Optional Additional Unit**
- **Unit 7 - The Principles and Practices of the Medispa Sector**
  - 4 days
  - 2 Assignments
The Level 4 Award In Advanced Skin Science

Our Advanced Skin Science course is a uniquely in-depth study of skin anatomy, histology, physiology, immunology and the intrinsic and extrinsic processes of skin ageing.

**Course entry requirements – one of the following:**
- Minimum of 5 GCSEs or equivalent plus a minimum of 1 A-level (Grade Cs or above)
- Open access on assessment of suitability for learning at Level 4

PLUS
- Fluency in English Language

If you are working or looking to work within aesthetic skin care this course is a fundamental ‘must have’ for any practitioner. A superior understanding of how the skin is structured, how it functions and how it dysfunctions, is vital if you are to be able to provide well informed, safe and effective remedial treatment of the skin. As the first qualification of its kind to be available specifically for the skin care clinician, this learning programme extends your knowledge of the anatomy and physiology of the skin considerably further than standard training and in unprecedented depth. It will provide you with a solid basis for further study and a better understanding of dermatological issues to enable you to become a true specialist in skin health management.

---

**Course Format**
- Unit 2 - Advanced Skin Science
- E-Learning – 6 Modules
- 1 Course Folder
- MCQ Test and Written Assessment Workbook
- Final Theory Exam

**Optional Additional Unit**
- Unit 7 - The Principles and Practices of the Medispa Sector
- 4 days
- 2 Assignments
The Level 4 Award In Skin Health Assessment For Aesthetic Practice

This is an essential diagnostic study for all clinical skin care professionals. True skin health assessment goes far deeper than visual observation and this course will not only improved your recognition of skin conditions but will also enable you to provide long term skin care programmes for maximum client satisfaction and retention.

Course entry requirements – one of the following:
- Minimum of 5 GCSEs or equivalent plus a minimum of 1 A'Level (Grade Cs or above)
- Evidence of suitability for learning at Level 4

PLUS
- Fluency in English Language

This course leads on perfectly from advanced skin science although it can also be completed as a stand alone course, either way providing you with superior understanding and skill in the practice of advanced skin health evaluation. As a key route to safe and effective clinical skin treatment, advanced assessment of the aesthetic client can be achieved through the interpretation of intrinsic and extrinsic medical, environmental and lifestyle influences and a superior knowledge of cosmetic dermatology to enable the full recognition of skin dysfunction, disorder and disease. This will lead to more extensive treatment programmes, higher retail sales, better results, and consequently greater client satisfaction and retention.

Course Format

- Unit 3 – Investigative Consultation and Advanced Skin Assessment
- E-Learning - 7 modules
- 1 Course Folder
- 1 day practical workshop
- Case studies
- MCQ Tests and Written Assessment Workbook
- Portfolio Compilation
- Final Theory Exam

Optional Additional Unit

- Unit 7 - The Principles and Practices of the Medispa Sector
- 4 days
- 2 Assignments

sallydurant.com | 01527 919880
“I am so excited to be doing what I am doing but I really don't think I would be anywhere near this without the help and support from Sally Durant. If you are contemplating this course, don't think about it, just do it. You won’t regret it”

Nikki Ryan, RGN Aesthetic Practitioner, Skin Remedy Clinic, Wrexham.
“This is the most concise and instructive course I have ever taken as it give you a lot of detailed information for the aesthetician to fully comprehend the role of the skin in very specialised aesthetic treatments. Thanks to Sally Durant & her team for the superb education given to us”

Marlene Rose, Aesthetic Practitioner
The Level 4 Certificate In Advanced Skin Studies And The Principles Of Aesthetic Practice

This is a foundation study for anyone working or wanting to work in the aesthetic skin care sector. It establishes a superior level of knowledge and understanding to underpin further aesthetic study and practice for skin health professionals from all disciplines. This is also an access qualification for Level 2 beauty therapists.

**Course entry requirements – one of the following:**
- Medical Qualification
- Level 3 Beauty Therapy
- Level 2 Beauty Therapy
- Recognition of other prior learning and experience

**PLUS**
- Fluency in English Language

**Course Format**
- **Unit 1 - Core Knowledge for Aesthetic Practice**
- **Unit 2 - Advanced Skin Science**
- **Unit 3 - Investigative Consultation and Advanced Skin Assessment**
  - E Learning - 21 Modules
  - 3 Course Folders
  - One Day Workshop
  - Case Studies
  - MCQs and Written Assessment Workbook
  - 5,000 Word Assignment
  - Portfolio Compilation
  - Final Theory Exams

**Optional Additional Unit**
- **Unit 7 - The Principles and Practices of the Medispa Sector**
  - 4 days
  - 2 Assignments
The Level 4 Certificate In Chemical Skin Peeling

Our certificate in Chemical Skin Peeling will equip you with an unprecedented breadth of knowledge and practice enabling you to tailor your procedures to each individual client and work with optimal understanding of this diverse and versatile treatment modality.

Course entry requirements – one of the following:

- Medical Qualification
- Level 3 Beauty Therapy
- Level 2 Beauty Therapy / Facial Skin Care + the CIBTAC / SALLY DURANT Level 4 Certificate in Advanced Skin Studies and Principles of Aesthetic Practice

PLUS

- Fluency in English Language

This course is designed to enable you to assess the suitability of a wide range of peel formulations and tailor their application to specific skin concerns. It provides you with the knowledge and skills you need to be fully compliant to the requirements of the HEE curriculum framework at level 4 for superficial chemical peel applications to the depth of basal Stratum Corneum or superficial Stratum Granulosum level. We explore a full spectrum of single agent and combination agent hydroxy acid peels with consideration for formulation variants of percentage strength, pH, buffering, layering and other depth adaptation techniques within the Level 4 curriculum. The course incorporates the mandatory study of Core Knowledge for Aesthetic Practice.

Course Format

- Unit 1 - Core Knowledge for Aesthetic Practice
- Unit 4 - Chemical Skin Peeling
- E-Learning - 12 Modules
- 2 Course Folders
- MCQ Tests and Assessment Workbooks
- 5,000 Word Assignment
- 2 Practical Training Days to include Practical Assessments and Mock Exams
- 2 Case Studies
- MCQs, Assessment Workbook
- Portfolio Compilation
- Final Theory and Practical Exams

Optional Additional Unit

- Unit 7 - The Principles and Practices of the Medispa Sector
- 4 days
- 2 Assignments
“Since completing my level 4 I’ve become the youngest and most qualified Aesthetician to work at Medizen, the Midlands premier Aesthetic clinic and also the youngest person to talk at the FACE conference at the London QE centre”

Zoe Myers, Aesthetic Practitioner, Medizen, Birmingham.
“Sally and Sue are two of the most knowledgeable people I know when it comes to skin, if not the most knowledgeable. I couldn’t be more pleased with the success of the business, and it’s the knowledge I gained from Sally and Sue that allowed me to genuinely help people”

Pamela Marshall, Aesthetic Practitioner, Mortar and Milk, Fulham.
The Level 4 Certificate In Micro-Needling

This course provides you with a thorough approach to the acquisition of advanced skills in applying tailored manual dermal roller treatments with pre and post procedural support.

Minimum entry requirements – one of the following:
- Medical Qualification
- Level 3 Beauty Therapy
- Level 2 Beauty Therapy / Facial Skin Care + the CIBTAC / SALLY DURANT Level 4 Certificate in Advanced Skin Studies and Principles of Aesthetic Practice

PLUS
- Fluency in English Language

With emphasis on full comprehension of the implications and variances of wound healing responses, this course is designed to equip you to deliver safe and effective dermal roller treatments with adaptations of application and pre and post procedural care to ensure optimal results for your client. In accordance with the HEE requirements you will be required to evidence the completion of multiple needling procedures at a depth of 0.5mm underpinned by superior understanding of the physiological considerations for successful regenerative effects. The course incorporates the mandatory study of Core Knowledge for Aesthetic Practice.

Course Format
- Unit 1 - Core Knowledge for Aesthetic Practice
- Unit 5 - Micro-Needling
- E-Learning - 12 Modules
- 2 Course Folders
- MCQs, and Assessment Workbook
- 5,000 Word Assignment
- 2 Practical Training Days to include Practical Assessments and Mock Exams
- 2 Case Studies
- Portfolio Compilation
- Final Theory and Practical Exams

Optional Additional Unit
- Unit 7 - The Principles and Practices of the Medispa Sector
- 4 days
- 2 Assignments
The Level 4 Certificate In Blemish Removal By Thermolysis And Cryotherapy

This fully comprehensive qualification in the removal of bi-nine skin lesions provides the aesthetic practitioner with a versatile and lucrative addition to their treatment portfolio.

Minimum entry requirements – one of the following:
- Medical Qualification
- Level 3 Beauty Therapy
- Level 2 Beauty Therapy / Facial Skin Care + the CIBTAC / SALLY DURANT Level 4 Certificate in Advanced Skin Studies and Principles of Aesthetic Practice

PLUS
- Fluency in English Language

This course is unique in its broad coverage of the removal of skin lesions which are not indicated for medical-only treatment. You will learn the techniques of thermolysis, otherwise known as Short Wave Diathermy or Advanced Electrology and Cryotherapy both of which will allow you complete diversity of treatment approaches for a broad range of pigmentary lesions, vascular blemishes, keratosis, warts and sebaceous congestion. This course is thoroughly underpinned by complete studies of pertinent dermatology and the physiology of the treatment methods. The mandatory study of Core Knowledge for Aesthetic Practice is also included.

Course Format
- Unit 1 - Core Knowledge for Aesthetic Practice
- Unit 6 - Non-Surgical Blemish Removal by Thermolysis and Cryotherapy
- E-Learning - 12 Modules
- 2 Course Folders
- 4 Practical Training Days to include Practical Assessments and Mock Exams
- MCQs and Assessment Workbook
- 5,000 Word Assignment
- Portfolio Compilation
- Final Theory and Practical Exams

Optional Additional Unit
- Unit 7 - The Principles and Practices of the Medispa Sector
- 4 days
- 2 Assignments
“Not only has Sally given me an incredible amount of knowledge but also a huge amount of passion has grown from it. From her courses and lectures she has given me the inspiration that Skin Health is what my clinic needs to focus on”

Lorraine Avanessian, Dental Nurse and Aesthetic Practitioner, Wigmore Street, London.
The Level 4 Diploma In Chemical Skin Peeling & Micro-Needling

If you are looking for baseline compliance for entry onto the UK register of aesthetic therapists and medical practitioners this course addresses the fundamental requirements of the HEE Curriculum framework for the provision of skin rejuvenation treatment by chemical peeling and the use of manual dermal rollers.

Minimum entry requirements – one of the following:
- Medical Qualification
- Level 3 Beauty Therapy
- Level 2 Beauty Therapy / Facial Skin Care + the CIBTAC / SALLY DURANT Level 4 Certificate in Advanced Skin Studies and Principles of Aesthetic Practice

PLUS
- Fluency in English Language

The combined units of this course provide you with the essential underpinning knowledge and clinical proficiency required by industry regulation beyond 2017. It is unique in its thorough approach to all the elements of study and skill acquisition and will prepare you fully for progression to compliance at Levels 5 and 6 in these specific treatment genres.

Course Format
- Unit 1 - Core Knowledge for Aesthetic Practice
- Unit 4 - Chemical Peeling
- Unit 5 - Micro-Needling
- E-Learning – 16 Modules
- MCQ tests and Assessment Workbooks
- 5,000 Word Assignment
- 4 Practical Days to include Practical Assessments and Mock exams
- 4 Case studies
- Portfolio Compilation
- Final Theory and Practical Exams

Optional Additional Unit
- Unit 7 - The Principles and Practices of the Medispa Sector
- 4 days
- 2 Assignments
The Level 4 Diploma In Advanced Skin Studies And The Practice Of Chemical Skin Peeling & Micro-Needling

Extending your qualification in Skin rejuvenation practices to include advance skin studies will provide you with a superior knowledge and understanding of elementary cosmetic dermatology. The degree to which this will enhance your clinical practice and reputation as a specialist in your field cannot be underestimated.

**Minimum entry requirements – one of the following:**

- Medical Qualification
- Level 3 Beauty Therapy
- Level 2 Beauty Therapy / Facial Skin Care + the CIBTAC / SALLY DURANT Level 4 Certificate in Advanced Skin Studies and Principles of Aesthetic Practice

**PLUS**

- Fluency in English Language

With the inclusion of our advanced skin science and diagnostic units this course will give you a higher level of knowledge and skill for maximising the efficacy and of your aesthetic practices. Your optimal understanding of ‘all things skin’ will provide you with greater insight into combined procedural options and so empowering your long term treatment planning while increasing retail sales.

**Course Format**

- Unit 1 - Core Knowledge for Aesthetic Practice
- Unit 2 - Advanced Skin Science
- Unit 3 - Investigative Consultation and Advanced Skin Assessment
- Unit 4 - Chemical Peeling
- Unit 5 - Micro-Needling
- E-Learning – 29 Modules
- MCQ Tests and Assessment Workbooks
- 5,000 Word Assignment
- 4 Practical Days to include Practical Assessments and Mock Exams
- 6 Case Studies
- Portfolio Compilation
- Final Theory and Practical exam

**Optional Additional Unit**

- Unit 7 - The Principles and Practices of the Medispa Sector
- 4 days
- 2 Assignments

sallydurant.com   |  01527 919880
The Level 4 Diploma in Aesthetic Practice

This course provides the aesthetic practitioner with a broad portfolio of clinical procedural skills for remedial treatment of the skin.

Minimum entry requirements – one of the following:
- Medical Qualification
- Level 3 Beauty Therapy
- Level 2 Beauty Therapy / Facial Skin Care + the CIBTAC / SALLY DURANT Level 4 Certificate in Advanced Skin Studies and Principles of Aesthetic Practice

PLUS
- Fluency in English Language

The inclusion of non-surgical blemish removal to the essential units of qualification for HEE compliance will give you an additional and widely demanded tool for remedial aesthetic treatment. Thus this course will enable you to offer a broad and versatile treatment portfolio for skin correction and rejuvenation within the medispa clinic.

Course Format
- Unit 1 - Core Knowledge for Aesthetic Practice
- Unit 4 - Chemical Peeling
- Unit 5 - Micro-Needling
- Unit 6 - Non-Surgical Blemish Removal by Thermolysis and Cryotherapy
- E-Learning - 20 Modules
- MCQ Tests and Workbook Completion
- 5,000 Word Assignment
- 7 Practical Days to include Practical Assessments and Mock Exams
- 6 Case Studies
- Unit 8 - Four Enrichment Workshops In Advanced Elements Of Aesthetic Practice Incorporating Two Assignments.
  - Portfolio Compilation
  - Final Theory and Practical Exams

Optional Additional Unit
- Unit 7 - The Principles and Practices of the Medispa Sector
  - 4 days
  - 2 Assignments
The Level 4 Diploma in Advanced Skin Studies and Aesthetic Practice

Quite simply this is the ultimate qualification for the medispa practitioner with serious ambition to specialise in skin health management and remedial aesthetic treatment.

**Minimum entry requirements – one of the following:**

- Medical Qualification
- Level 3 Beauty Therapy
- Level 2 Beauty Therapy / Facial Skin Care + the CIBTAC / SALLY DURANT Level 4 Certificate in Advanced Skin Studies and Principles of Aesthetic Practice

**PLUS**

- Fluency in English Language

This diploma course is the most comprehensive accredited qualification available and will provide you with an extensive knowledge and understanding of the skin, its assessment and the remedial aesthetic practices used in the industry to develop and maintain skin health. We have packed in a unique depth of study into this course to give you the very best foundation for your career in aesthetic practice. The inclusion of unit 7 in this course offers you an opportunity to learn from some of the most experienced and knowledgeable professionals in the sector providing you with unique insight into the world of aesthetics.

**Course Format**

- Unit 1 - Core Knowledge for Aesthetic Practice
- Unit 2 - Advanced Skin Science
- Unit 3 - Investigative Consultation and Advanced Skin Assessment
- Unit 4 - Chemical Peeling
- Unit 5 - Micro-Needling
- Unit 6 - Non-Surgical Blemish Removal (Short Wave Diathermy + Cryotherapy)
- Unit 7 - The Principles and Practices of the Medispa Sector
- E-Learning – 33 Modules
- 5,000 Word assignment
- MCQ Tests and Workbook Completion
- 8 Practical Days to include Assessments and Mock Exams
- 6 Case Studies
- Portfolio Compilation
- Unit 7 – Four days plus two assignments.
- Final Theory and Practical Exams
This unit of study is made up of a series of one-day short courses, seminars and workshops to provide you with the opportunity to learn from some of the most prominent practitioners in the aesthetic industry. It is designed to enable you to gain additional knowledge and insight into a wide range of subject areas not included in your level 4 course but which are of interest to your future career or business progression.

You can complete any of these experiential events in two ways

1. As an additional Level 4 Unit within your chosen qualification. This will involve you completing:
   • A minimum of 4 one day workshops
   • Portfolio Compilation
   • 2 assignments of 2,000 words each

2. As individual CPD certificated short courses Subject to specific arrangements by your chosen CIBTAC Centre, the selection of enrichment topics may include:
   • Cosmeceutical Care of the Skin – Brand specific or generic
   • Advanced Peeling Systems
   • Mechanised Skin Needling
   • Mesotherapy
   • Laser or IPL Treatments
   • LED Therapies
   • Radio Frequency Procedures
   • Nanocurrent Cell Rejuvenation
   • Non-Surgical Injectable Procedures (Theory and demonstrations only)
   • Cryolipolysis
   • Cryotherapy Skin Treatments
   • Hyperhidrosis treatment
   • Endermology
   • Skin Imaging Equipment
   • Plasma Rich Protein Therapy (PRP) (Theory and demonstrations only)
   • Combination Therapy Systems

Please refer to our calendar of events at www.sallydurant.com/calendar
Access Qualification Routes For Non-Therapists

If you are wishing to enter the aesthetic industry without having a skin care background, new government standards now allow for an access route to provide entry to the sector via a series of courses tailored to provide you with the elements of knowledge and skill you need but without having to complete training not required within the medipsa practice.

Our Access Qualification Routes are:

ROUTE ONE:

- The Level 2 Award In Facial Skin Care (No Background)
  OR
- The Sally Durant CPD Certificate in Essential Facial Skills (Medical Practitioners)

ROUTE TWO:

- The Level 2 Award In Facial Skin Care (No Background)
  OR
- The Sally Durant CPD Certificate in Essential Facial Skills (Medical Practitioners)

Please contact Jo Allchurch to request course details for:
- The Level 2 Award in Facial Skin Care
- The Sally Durant CPD Certificate in Essential Facial Skills
01527 919880 / jo@sallydurant.com
“The best training I have ever had! In depth and advanced, just what is required for serious skin health professionals. Sally is amazing in her delivery of the training. The level of knowledge and experience she displays gives you confidence in your learning from her”.

Theresa Fleetwood, Andresa Aesthetics
Our interactive, audio-visual e-learning programmes are like having your own personal tutor sitting beside you.

**OUR METHODS OF COURSE DELIVERY**

The underpinning knowledge elements of the courses (theory) are delivered by audio-visual and interactive e-learning presentations, accompanied by high quality course notes in a full colour and extensively illustrated folder. The modular format enables you to study at your own pace, scheduling your study time to suit your lifestyle and avoiding expensive time away from work, travel or hotel accommodation.

The practical training is delivered in small interactive groups to ensure a low tutor to learner ratio for a very bespoke, ‘hands on’ and personal training experience.

**E-LEARNING**

The E-learning presentations are as close to personal delivery as possible - similar to having your own personal tutor sitting beside you. You will be able to login to your e-learning account to view the modules of your course in their interactive audio visual format on a flexible learning schedule to suit you. Each slide is fully explained with the further enhancement of information in relation to clinical practices.

As you progress through each module, you will be required to complete consolidation exercises, answer questions and complete multiple choice question exercises at the end of each module. These are marked automatically with results being delivered to you immediately. You will also be asked to complete an online workbook and take end of course multiple choice examinations.

**Our International E-Learning Portal**

The e-learning facility is provided through the Digital Chalk system and a full back up facility is available should there be any technical fault in order to avoid any interruptions to the online resources. The portal is easy to access via the Sally Durant website and has been specifically chosen for its ease of use and reliability. However full IT support is provided to you should you need any help.
Tutor Support And Assessment

While underpinning knowledge is delivered through flexible e-learning we put great emphasis in providing you with a very personal and ‘hands-on’ learning experience. Your tutors will be responsible for supporting and mentoring you throughout all elements of your course to motivate and help you. They will arrange regular one to one tutorials and mark and verify your course work as you complete it for the underpinning knowledge elements. They will also conduct assessments of your practical skills and case study completion and ensure that your portfolio is presented to the correct standard for examination.

Practical Skills Training

The practical skills training is delivered by the trained and appointed tutors of the CIBTAC School. Practical assessments will also be the tutor’s responsibility and be conducted within the practical training days while you will also be required to complete case studies and end of course practical examinations.
Start Your Progression To A Higher Level

Sally Durant CIDESCO. CIBTAC. Cert Ed

Member of the JCCP Working Party for Education Training and Accreditation
Member of the HABIA Steering Group for Qualification Standards within the Aesthetics Industry
CEO of Sally Durant Training Consultancy Ltd

Having graduated from Champneys College, Tring in 1982 Sally has dedicated her career to the development and maintenance of the highest standards of education and training within the beauty therapy industry. Her extensive experience in non-medical aesthetics and the management of skin health, together with a strong commitment to establish accredited qualifications for the medispa sector, Sally has pioneered the development of advanced post graduate training programmes for all skin care therapists and clinical practitioners. She has combined her knowledge of skin science, cosmetic dermatology and remedial skin treatment with 20 years experience in formal education and training to develop a series of first to market Level 4 Qualifications and CPD short courses. These have been designed to fully bridge the skills and knowledge gap within the non-medical aesthetics industry.

Working to establish industry qualification standards at Levels 4 – 7, in line with report of the UK government body Health Education England, Sally is a member of the JCCP Working Party for Education Training and Accreditation and sits on the HABIA Steering Group for Qualification Standards within the Aesthetics Industry.

Sally has a wide portfolio of high profile corporate clients from the beauty therapy and aesthetic sectors providing bespoke training and consultancy services. Such clients include L’Oreal UK, Paris and New York, SkinCeuticals, for whom she was the appointed national training manager for 5 years, the skin clinic group, Nouveau Beauty Group, SAKS Hair and Beauty, Aesthetic Source, SkinBrands, Medik8, and Cryosthetics. She has also been engaged by the University of the Arts London and the University of Central Lancashire to teach on their post graduate aesthetic programmes.

Sally is a regular conference speaker on the beauty therapy and aesthetics circuit presenting on elements of advanced skin study and aesthetic practice as well as representing and presenting on behalf of key industry leaders. Over the years she has contributed editorial pieces for all of the principle beauty and aesthetics trade journals, she has acted as a CIBTAC and CIDESCO international examiner and served for two years on the CIBTAC Education Team.
